COMPUTER LITERACY

- Adobe Animate
- Unity (AR and 2D Games)
- MS Word
- Powerpoint
- Canva
- MS Excel
- Unreal Engine
- Adobe Illustrator

LANGUAGES

- Bangla (Fluent)
- English (Fluent)

PROGRAMMING LANGUAGES

- C++, C, C#
- Python (ML, DL)
- HTML, CSS, PHP, JS
- Java
- Dart
- Flutter Framework

PROFILE

An EdTE student at UFTB blending full-stack development (C/C++, Java, PHP, MySQL) with Python-driven machine learning research. I specialize in building interactive Unity and Augmented Reality (AR) experiences, supported by professional graphic design, video editing, and fluent bilingual communication.

WORK EXPERIENCE

Uttaran 2025 - 2026

Field Executive & Head of Video Editing

- Served as the head of the video editing section for the "Land Water Project" funded by the Government of the Netherlands.
- Personally went out into the field to collect, shoot, and gather video clips for the project.
- Took complete ownership of the editing process to stitch the clips together and build the official project documentary.

Uttaran 2023-2024

Graphics Designer

- Worked as the main video editor for the "WASH" (Water, Sanitation, and Hygiene) project.
- Collected, sorted, and trimmed raw field footage to create engaging video content highlighting project impact.
- Handled the entire post-production workflow, including video editing, audio cleaning, and adding titles to deliver clean final clips.

2024 - 2025

EDUCATION

B.Sc. (engg.) in Educational Technology and Engineering

University of Frontier Technology, Bangladesh

CGPA: 3.78 / 4.0 (3rd in merit).

2022 - Present

HSC

Rangpur Government College

GPA: 5.00

2020

SKILLS

- Programming
- Web Development
- Teamwork
- Time Management
- Leadership
- Graphics Designing
- Critical Thinking
- Digital Marketing
- Mobile App Development
- Game Development

CLUBS

- UFTB Programming Club
- UFTB Sports Club
- Hult Prize at UFTB

ACHIEVEMENTS

- Applink Idea Innovation Contest Champion.
- 5th National Data Science Summit 2026 (Champion on project showcasing segemnt)
- 10th position in BGIS game summit

ACADEMIC PROJECTS

LearnIt
Capstone Project
A web based AR platform for primary students of Bangladesh. Also Champion at the 5th National Data Science Summit, 2026.

Guiding Assistant
A web based project on parental care and child development.

AgriConnect
An app for the farmers to connect directly with local Agriculture office and a social media platform for farmers and retailers.

Digital Transformations
A platform for transforming teaching in Bangladesh. Showcased in Edu Expo 2022.

SROT
An off-grid, decentralized disaster management application that connects stranded victims, rescue teams, and NGOs using mesh networks and real-time cloud tracking during flood crises.

DEVELOPED GAMES

Math Maze

- Went up to Regional Round of Game Jam ++
- 10th position in BGIS game summit

CO-CURRICULAR ACTIVITIES

Hult Prize at University of Frontier Technology, Bangladesh
Head of Corporate Affairs

- Conducted and Managed two On-Campus Local Programs.

YUNET BGIS 2025
Game Developer

- Submitted a game and ranked 10th place in Bangladesh.

Pubg Mobile Campus Challange 2026
Team Leader, Zero Core

- Advanced to the round of 98.
